

## Road Restrictions Effective 11/01/13

---

County Roads at 7 ton per axel are:

26A, 3B, 28A, 28B, 20, 22, 47, 51, 52, 53

These county highways are set at 7 ton per axel with a max of 93,000 lbs. Any loads over the max will need to contact Bottineau County for route info and permit. Also during spring load restrictions you will need to contact Bottineau County for permit info. Effective 11/01/2013.

---

County Road 30

This county highway is posted at a 7 ton per axel with a max of 80,000 lbs. Effective 04/18/2013

---

County Roads at 8 ton per axel with a 105,500 max

6, 37, 49, 17, 2, 27A, 27B, 33, 57, 3A, 26B and the 4 mile truck route around Bottineau

These highways and farm to market roads have been updated to 8 ton per axel 105,500 max. Any loads over 105,500 will need to permit through uniform truck permits. During spring load restrictions you will then also need to contact Bottineau County road dept. for frost permit. Effective 01/01/2013
